Congratulations to the players above who have been selected to the final squad to play this seasons County matches. The next training session will be held at Vale of Lune RUFC (hhh). Players should arrive to register at 6.30pm for a 7pm start.

Those players that have not been named, please remember the points made on Monday evening. The foundation of the DPP/Lancashire process is for players to enjoy your Rugby and develop. Unfortunately, not all players can progress at every stage so it is important to reflect on the feedback that will be given and try to work on certain areas that have been identified. In terms of feedback, the Lancashire coaching group are currently putting together feedback for the players that were selected in the provisional squad, but did not progress to the final squad, and this will be sent out in the coming days. In addition to this,

please feel free to contact your DPP lead contact who will also be able to give feedback from the sessions you have attended over several weeks.

Finally, if any players selected above cannot attend the next session or any of the dates published for Lancashire 15 group this season through injury or unavailability, then please contact Rod Murray ([rodneymurray@btinternet.com](mailto:rodneymurray@btinternet.com)) ASAP.
